

Fraud Hotline, Workplace Protection & Standard of Conduct

1 min read

Dear County family,

Integrity is one of our [Cultural Values](#). Consistent with that value, the County provides reporting pathways and employee protections to help employees report concerns, ask questions and seek guidance when needed. As part of the County's ongoing efforts to improve awareness and accessibility of reporting resources, we are launching the new [Fraud Hotline, Workplace Protection & Standard of Conduct page](#) on IntraOC. This page includes contact information, reporting options, frequently asked questions, and a short overview video – all in one place.
